وسطية أهل السنة والجماعة في باب

الأسماء والصفات

كما ذكرنا أن المعطلة هم من ينفون الأسماء والصفات كغلاة الجهمية أو الذين يثبتون الأسماء وينفون الصفات مثل المعتزلة وكذلك بعض الفرق التي تثبت بعض الصفات وتنفي الأخرى مثل الأشاعرة والممثلة الذين يشبهون الله سبحانه بالخلق فيقول قائل منهم مثلاً :
يد الله كيدي ، ونفسه كنفسي ، وهكذا في سائر الصفات .

لكن أهل السنة والجماعة لا يقولون ذلك

إنما أهل السنة يقولون أننا نؤمن بما وصف الله تعالى به نفسه أو وصفه به رسوله صلى الله عليه وسلم في كتاب الله وسنة رسوله – صلى الله عليه وسلم من غير تحريف ولا تكيف ولا تمثيل ولا تشبيه

فهم وسط بين هؤلاء وهؤلاء .

As we say to you
Al-moadela
They are those who say that Allah has no names or attributes
such Al-Kaljhmah
And There are those who say
That the names of Allah, but Allah has no attributes, Such
Al-Mu'tazila ,
And there are people who say that there are attributes of Allah,
but they refuse to describe Allah some of these features Such
Al-Ash'aris.
And Al-momathela : They say that the attributes of Allah, such as
the attributes of human beings.
He says one of them
That the hand of Allah, like my hands
Or say that the same Allah as myself.
And they Repeats did this with the rest of the names and
attributes of Allah , But the Sunnis do not do all these But the
Sunnis say that we believe all the attributes that Allah said that it
is in the Quran and the messenger of Allah said that Allah is in
the Sunnah of the Messenger of Allah peace be upon him , we
doesn't say is that Allah has no attributes, and we we doesn't say
that Allah is the tag-like attributes of human
beings we we doesn't say that the attributes of Allah and refuse
to say that his other attributes is characterized by.

the Sunnis Compromise between these and those.
